MNL at FUSECO Forum in Berlin, Germany

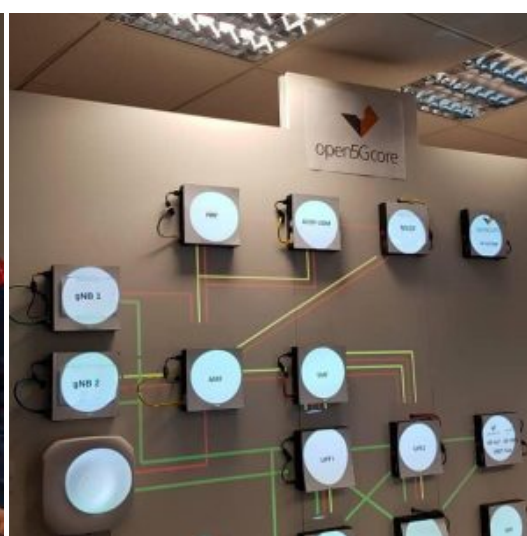

[Presentations](#), [Workshops](#) in [5G](#) by [MNL](#)

Project: [5GENESIS - 5th Generation End-to-end Network, Experimentation, System Integration & Showcasing 5G!Drones - Unmanned Aerial Vehicle Vertical Applications' Trials Leveraging Advanced 5G Facilities](#)

MNL researcher and 5GENESIS project manager **Dr. Harilaos Koumaras** presented 5GENESIS and 5G!Drones advances and the Pan-European 5G experimentation facilities at the **European 5G Testbeds, Trials, and Best Practices** workshop of the [Fraunhofer FOKUS FUSECO Forum](#) in Berlin, showing how experiments by external partners can be conducted on top of the 5G platforms, creating value for them due to the high performance offered by the 5G network.
